

WILD TRACKS

Lake Manyara, Serengeti and Ngorongoro

5 Days

Day 1: Lake Manyara

Lake Manyara is located 2 hours from Arusha town and is a great beginning for a safari trip. You will be picked up from your location in the morning and drive through the Masaai land to reach the park. The park has a dense forest so you will get very close to black monkeys, blue monkeys and baboons. There are also elephants, giraffes and hippos in the park, if you are lucky you can even see the rare tree-climbing lions. The park has a very nice lake with plenty of birds. Lunch will be served inside the park with a beautiful view over the lake and the Great Rift Valley. The park will close at 6 pm and when you are content after the game drive you will go to one of the many hotels that are located around the park.

Day 2: Serengeti

You have to leave early in the morning for the park because of the long drive, you will have your lunch on the way to Serengeti. You will pass through the Ngorongoro Crater, where you will have a stunning view of the landscape. When you are arriving Serengeti National Park you will have a game drive on the way to the camping site or the hotel. The park is a UNESCO world heritage site and is protected by the International Union for Conservation of Nature. The park is most famous for the annual migration of over 1.5 million wildebeest, 250 000 zebras and for its numerous Nile crocodiles.

Day 3: Serengeti

If you want you can start the game drive at the sunrise, at this time there are many active animals because of the cool air. Breakfast will be served when you come back to the camp. After having a nice meal and some rest you will continue the game drive until lunch, which is also served in the camp. In Serengeti you will have a great chance to see the Big Five and many other animals. After a long day you will return to the camp for dinner and relaxing.

Day 4: Serengeti

You will start the day very early and have a game drive and lunch in Serengeti. After lunch you will start driving to the Ngorongoro Crater, with a game drive on the way. You will arrive at the crater rim where you will have your dinner and stay the night. It can be quite cold up there so you should bring some warmer clothes.

Day 5: The Ngorongoro Crater

You will drive down in the crater in the morning and spend the whole day game driving. The crater is an UNESCO world heritage site and hosts a large variety of animals, and you have a big chance of spotting the Big Five. There are a great number of zebras, gnus and antelopes in the crater and at one of the picnic spots you will share your meal with relaxing hippos. The crater has one of the densest populations of lions in the world and there is a good chance you will meet them. In the afternoon you will start driving back to your hotel.
